

Invitation to CCB Water Seminar

Gdynia, Poland, 18-20 November 2009

Dear CCB-network members!

It is the right time to push for sustainable water management in Baltic Sea catchment. At the end of the year River Basin Management Plans (due to Water Framework Directive schedule) will be finished and valid for the next 6 years.

Let's try to influence the content and priorities now!

CCB in cooperation with **Global Water Partnership PL** and **POMCERT Gdynia** are organizing a two-days' seminar to share experiences and empower for actions and lobbying on national levels.

We would welcome to hear your voice in discussion about the situation in your countries. This seminar is the opportunity to meet representative of Global Water Partnership from your country and start future cooperation.

We would like to invite at least one representative of each member organization, who works on water management issues, especially from Baltic EU countries (with special focus on Latvia, Lithuania, Estonia, Poland).

Non-EU member states' organizations (Ukraine, Belarus, Russia) are welcome too, to get prepared for accomplishing the EU standards.

CCB-participants:

Plan your arrival to "Villa Gdynia" for **18th November**, to take part in the afternoon CCB Member Organisations meeting planned to start at 16.00. The Welcoming dinner starts at 19 30. Study trip on 20th November (Friday) will last till lunch time.

See you in Gdynia!

On behalf CCB secretariat

Anna Smolka and Maria Staniszewska, CCB Water Policy Officers
