

Uppsala, Sweden
07 December 2018

Dear colleagues!

Coalition Clean Baltic (CCB) in cooperation with Center for Environmental Solutions (Minsk, Belarus) invites you to take part in the Greener Agriculture for a Sustainable Sea / GRASS 2018 Conference, to be held in Minsk, on 13-14 December 2018.

The Conference will address wide range of national and international issues related to development of sustainable agriculture within the Baltic Sea Region that are important for various stakeholders including farmers, authorities, research, NGOs, general public and media.

The Programme of the Conference includes:

13 December: Bioeconomy / Circular Economy; nutrient recycling; nutrient accounting; nutrient sensitive areas; Sustainable Development Goals, River Basin Management

14 December: Organic agriculture, including legal aspects, market support, awareness and education

Full version of the programme and its practical details are available on [CCB's website](#).

Conference venue: IBB Johannes Rau Center (Prospekt Gasyty Prawda 11, Minsk, Belarus).
Contact telephone in Belarus: +375-0296434610

With kind regards,

Mikhail Durkin
Executive Secretary
Coalition Clean Baltic
